

For One Cent a Word You Can Sell What You Have or Buy What You Want

ALL READY FOR ELKS

Annual Convention Begins To-day in Philadelphia.

FINE PROGRAMME ARRANGED

City of Brotherly Love Thronged with Members of Antlered Order. Public Buildings, Business Houses, and Private Residences Decorated. Quarter Million Visitors Expected.

Philadelphia, July 14.—From far and near the antlered herd is gathering, and within the next twenty-four hours Philadelphia will have been turned over entire to the Benevolent and Protective Order of Elks, which begins its convention to-morrow.

Several thousand Elks and their families are here already. The two official registration bureaus had to be thrown open a day ahead of time, and excitement ran high when the illuminations on the court of honor, the city hall, and other big buildings in the business district flamed out upon the darkness.

Fakers shouted Elks' souvenirs, boys tooted horns and cheered. Everywhere was the voice of chaos roaring a good-natured but discordant welcome to the Elks.

Programme for Convention.

As arranged by the committee in charge, the official programme for the convention is as follows:

MONDAY, JULY 15.
Morning—Entertainment of Grand Lodge members, which will include a trip on the Delaware River, visiting Camden and other shipyards, League Island Navy Yard, Fort, and all other points of interest. A step will be made at Washington Park, where luncheon will be served. The time of embarkation will be at 11 a. m., and the guests will return at 5 p. m.

8 p. m.—The formal opening of the Grand Lodge will take place at the Academy of Music, where the guests will be welcomed by Mrs. S. M. Carr, Mrs. B. M. Carr, and other officials. Woods M. Carr, of Norristown, Pa., will deliver the address of welcome on behalf of the Pennsylvania Lodge.

8 p. m.—Bands will give concert in Independence Square.

TUESDAY, JULY 16.
a. m.—Grand Lodge business session at the Academy of Music.

Afternoon—Excursion to Washington Park. Boats will leave Arch street wharf every hour, and will make trips up and down the river before proceeding to Washington Park.

Evening—Band concert at Independence Hall. Reception given by Knights of Columbus at Independence Hall, where twenty knights will be initiated.

11 p. m.—Singing of the "11 o'clock toast" on City Hall Plaza.

WEDNESDAY, JULY 17.
Morning—Trip to Fairmount Park.

11 a. m.—Massed band parade of 2,000 musicians. Each lodge having a band entered will receive \$100. Afternoon—Trip to Washington Park. Concert by Victor Herbert's orchestra on the Strawbridge & Clothier grounds of 1,000 voices.

Evening—Band concert in Independence and City Hall squares.

THURSDAY, JULY 18.
10 a. m.—Grand parade of all the lodges. The parade will be the largest and most magnificent ever seen in Philadelphia, and \$10,000 will be awarded to the participants in prizes. A list of the prizes is as follows:

To the lodges having the largest number of members in line—First prize, \$5,000; second prize, \$3,000; third prize, \$1,000.

To the lodges making best appearance in line—First prize, \$500; second prize, \$100; third prize, \$50.

To the lodges appearing in unique uniform—First prize, \$500; second prize, \$100; third prize, \$50.

To the lodges having the largest aggregate mileage—First prize, \$500; second prize, \$100; third prize, \$50.

To the lodges accompanied by the largest number of ladies—First prize, \$500; second prize, \$100; third prize, \$50.

To the lodges displaying the most attractive floats in the parade—First prize, \$500; second prize, \$100; third prize, \$50.

Special prizes: To the fastest Elk, \$25; to the least Elk, \$25; to the tallest Elk, \$25; to the smallest Elk, \$25; to the most beautiful banner, \$50.

To the lodges with a band of seventy-five or more members—First prize, \$500; second prize, \$100; third prize, \$50.

To the "home" lodges accompanied by the largest number of ladies—First prize, \$500; second prize, \$100; third prize, \$50.

8 p. m.—Special illuminations and band concert.

10 a. m.—Open house by leading clubs of the city. Banquet supper and reception by the Fairmount Club at clubhouse, 1200 Shackamaxon street.

FRIDAY, JULY 19.
Official trip to Valley Forge. Congressman L. P. Wagner will deliver an address of welcome and will introduce the orator of the day, Senator Philander C. Knox.

Afternoon—Reception given by Captains of Industry Society.

Trip down the Delaware River.

Evening—Supper and entertainment given by the Pen and Pencil Club.

SATURDAY, JULY 20.
Official excursion to Atlantic City.

The local Elks are working like beavers.

The convention registration bureau and headquarters is open in the Odd Fellows' Temple, at Broad and Cherry streets, and hundreds of out-of-town brothers have already inscribed their names on the register. There will be many thousands of names in the book before the end of the week.

One hundred information bureaus have been established in the various sections of the city, and the police have been supplied with a mass of data which may be used for the guidance of any Elk who may have strayed from the beaten trail.

From the time the visitors arrive at depots and wharves until they leave they are the wards of the city and guests of the local lodge. Committees are on duty daily at each "port of arrival," and as fast as the visitors come in they are taken in tow, their destinations ascertained, their luggage looked after, and their transportation to their temporary homes guided. These committees compose both women and men, and the welfare of feminine visitors, who for one reason or another have not been able to arrive on the same train as their male relations, will be carefully looked after.

Grand Lodge Sessions.
When the Grand Lodge gathers for business it will meet in the Academy of Music, instead of the Garrick Theater, as first arranged. The session will continue there all week. There the formal opening of the convention will be held to-morrow night, when the Grand Lodge opens its sessions, with Henry J. Waller, exalted ruler, of Philadelphia Lodge, presiding. There will be business in plenty transacted, but it will not be allowed to interfere with the schedule of fun which will dominate the week.

There will be delegates present from almost every one of the 1,775 lodges of the order in all parts of the United States and its dependencies, a few from the Philippines, Alaska, Porto Rico, and Hawaii, and hundreds from the lodges of every city in the United States proper.

Public Sentiment at Fault.
From the Lehigh News.

If correction be needed—if there be menace in the existing conditions with respect to violation of law—if the unwritten law must be put aside as something odious and barbarous, then, as has been frequently insisted in the columns, we must first correct the sentiment that sustains it.

FINDS BURIED CITY IN TEXAS.

Prof. Everly Says Ruins Antedate the Aztecs and Toltecs.

Hartford, Tex., July 14.—Prof. T. L. Everly, an archaeologist and instructor in the Canadian College at this place, has discovered a buried city in Ochiltree County, one hundred miles northwest of here in the extreme northern part of the Panhandle.

The appearance of a number of mounds upon what was otherwise a level plain attracted Mr. Everly's attention, and he began investigating. His excavations have revealed buried buildings in which are human bones, ancient pottery, and stone utensils.

The mounds are rectangular in shape, and their number shows that it was once a city of several thousand people. The character of ruins indicates that they antedate the Aztecs or Toltecs. Mr. Everly will make further investigations.

FOR WELFARE OF WORKERS

Miss Beeks' Equipment for Her Panama Trip.

Her Varied Work for Capital and Labor—Some Delicate Questions Requiring Adjustment.

The huge experiment in housekeeping which has been conducted at Panama by the government for the past three years is being subjected to the scrutiny of a woman expert who was sent down to the isthmus for that purpose, says the Boston Transcript. This expert is Miss Gertrude Beeks, secretary of the welfare department of the National Civic Federation, and her investigations are to cover all the conditions of living and labor of the 25,000 men, women and children composing the Panama settlement.

The Canal Commission sent two male experts of the National Civic Federation last year, and acted upon a number of their recommendations for the improvement of living conditions, but with the ever-increasing number of families that have gone to the isthmus to live, it was thought that a woman expert could devise methods to make life more endurable for the community.

Miss Beeks has qualified as an expert through several important investigations of labor conditions. Her first experience was in Chicago, where she organized recreation schools under the management of the Chicago Woman's Club and the Municipal Voters' League. She next organized a business woman's luncheon club, which from a beginning of twenty members has grown to number over 3,000. The success of the venture led a manufacturer, who employed 5,000 men and women, to employ Miss Beeks to visit his establishment and make a detailed study of factory conditions, with suggestions for improvement in working conditions, and to devise methods for the social welfare of the employees.

Miss Beeks is a firm believer in the usefulness of amusements for the workers, and establishes dancing clubs, orchestras, playgrounds for all outdoor games, and theatricals for indoor amusement. Her success in bringing about a better understanding between employer and employees and affording the latter many facilities for convenience, as well as new interests for their leisure hours, brought many clients for advice along similar lines. With the establishment of the National Civic Federation, which has in its membership representatives of labor unions as well as employers, Miss Beeks became the secretary of the welfare department. Her services are in constant demand for a multitude of duties that take her to every section of the country. In the course of a year she attended innumerable banquets and meetings of business men, where she gives an account of practical means for improving factory conditions. Many of these addresses are accompanied by stereoscopic views, showing "before and after" arrangements for the comfort and safety of employees.

During the agitation of child-labor evils in the coal mines, she made an exhaustive investigation of the mines, and lived for several weeks in the home of a miner, acquainting herself with the home life of the women and children of the miners, and her report was the basis for a series of reforms and readjustment of working surroundings.

Working Like Beavers.
The local Elks are working like beavers. Public Sentiment at Fault.
From the Lehigh News.

If correction be needed—if there be menace in the existing conditions with respect to violation of law—if the unwritten law must be put aside as something odious and barbarous, then, as has been frequently insisted in the columns, we must first correct the sentiment that sustains it.

Jamestown visitors are arriving daily and looking for furnished rooms. An ad. in the Herald will get them. The Herald has the largest circulation at Norfolk and Jamestown of any Washington paper.

The separate coat is a real boon to the woman who cannot have several different suits, and this year Dame Fashion has set her seal upon it for real smartness. A coat which is exceedingly natty made in taffetas or pongee is shown, and will prove a good suggestion to the home sewer. The fronts may be closed with hooks and eyes or cord loops and buttons, or be left to fall free. A collar of pretty shape and of the same or a contrasting material completes the neck. The sleeve is of bit unique, the elbow fullness and cuff effect being gained by the lapping over on the sleeve the point which finishes the edge. A pretty button may fasten it if desired. For the coat in the medium size 2 yards of material 42 inches wide are needed. Sizes, 32 to 40 inches bust measure.

A pattern of this may be obtained by inclosing 10 cents in stamps and addressing Pattern Department, The Washington Herald, 734 Fifteenth street northwest, giving the number (2586) and size wanted.
